## RESIDENTIAL-TY

## ACROW-RICHMOND RESIDENTIAL-TY

The AR Residential Ty is designed for modular forming systems utilizing 1-1/8" plywood. Crimped wires are designed to be secured in place by swing latches on the outside of the form. The Ty is then snapped off after stripping forms using a break off tool, providing a breakback of approximately 1-1/2". Tys have an approximate Safe Working Load of 2,400 Lbs, with a 2:1 safety factor.
